

You are invited to join us for a unique experience of the very best in homœopathy and a weekend of fun, laughter and sharing of experiences. Enhance your ideas and set alight your enthusiasm as some of the very best in the profession from Australia and overseas feed your passion for this wonderful art and science of homœopathy.

The Stamford Plaza overlooks the iconic Brisbane River offering guests a panoramic vista of scenic delights. The area is a hub for exceptional dining experiences and clubs to suit all budgets. Edging onto the beautiful Botanical Gardens, this is the perfect place for a relaxing stroll or an invigorating run to awaken your senses. The Gardens also provide access to the Goodwill Bridge, the pedestrian gateway across the river to South Bank, a highlight of any Brisbane trip.

South Bank is Brisbane's art precinct featuring the QLD Performing Arts Centre, QLD Museum, QLD Library and QLD Art Gallery. Wonderful gifts and delights can be bought at the South Bank markets which run from Friday nights through to Sundays. With a leisurely ten minute amble you enter the multicultural district of West End. This is a place not to be missed if you like the eclectic, infused with a sense of community. Come and share Brisbane with us, we think you'll be delighted.

Those attending the Friday night welcome reception will, afterwards, be taken to Southbank on the Citycat and branch committee members will take you on a guided tour of the precinct.

#### ACCOMMODATION

Limited accommodation is available at the conference venue and can be accessed through the website; it is advised that you book early to avoid disappointment.

For other accommodation options please visit [www.homeopathyconf.com.au](http://www.homeopathyconf.com.au)

## KEYNOTE SPEAKERS

### Jeremy Sherr

Jeremy Sherr is acknowledged by the homœopathic community as a brilliant and creative thinker who is well grounded in the philosophy and writings of Hahnemann. His lectures are an inspiring blend of classical homœopathy and original thought, delivered with vitality and humour. His practical teachings are live cases with long-term follow up. As a homœopathic practitioner, Jeremy is known for his unprejudiced clarity and profound insight.

He was awarded a fellowship from the Society of Homeopaths in 1991 and a Ph.D. from Medicina Alternativa. He is a Member of the North American Society of Homeopaths, and is an honorary professor of Yunan Medical College, Kunming, China.

### Jurgen Schulte

Jurgen Schulte, MSc (TU Darmstadt), DSc (Oldenburg) is a member of the Editorial Advisory Board of, *Homeopathy*, the journal of the Faculty of Homeopathy (UK).

He is founder and Executive Director of the Asia Pacific Nanotechnology Forum (APNF), an organisation for industry professionals focusing on the facilitation of the commercialisation of Nanotechnology; and it is this interest in ultra-dilutions that links Jurgen, as a physicist, to the world of homœopathy.

Jurgen Schulte is internationally acknowledged as a major contributor in his field of research with a permanent place in *Who is Who in the World*.

The Queensland Branch of the  
Australian Homœopathic Association is proud to host the  
**8th Australian Homœopathic Medicine Conference**
