

## About the Seminar

This seminar is an important extension of this year's WHAW theme of musculoskeletal conditions.

Topics include:

- Rheumatoid Arthritis
- Osteoarthritis
- Osteoporosis
- Fractures
- Disc Prolapse

Dr Banerji

Stephen and Olga will be utilising their skills in the Banerji method to bring you fresh insights into what is for many practitioners a confusing and difficult subject, and one that is becoming increasingly prevalent in today's practices.

Outline of Seminar:

- Brief outline of Dr Banerji's background and methodology.
- Brief review of pathophysiology relevant to topics under discussion.
- Discussion of therapeutics relevant to topics.
- Seminar to be supported by some videos from India and by paper cases.
- Powerpoint presentation, which can be printed off as notes for attendees.

### AHA Annual General Meeting

We will also be running our AGM on the same day, at lunch time, so for those seminar attendees who attend the AGM we will be providing a delicious lunch - **free of charge!!**

Have you ever considered joining the NSW Branch Committee? Be part of the decision-making process for your association and share your ideas and energy with a group of like-minded practitioners. Develop your interests on sub-committees, which include:
