SENIOR FIRST AID & CPR UPDATE

1.00pm to 5.00pm (1.00pm to 3.00pm CPR only)

Did you know that registered homeopaths need to complete a CPR update every year? Has your Senior First Aid certificate expired or is it due to expire? It is a requirement of AROH and health funds that your Senior First Aid and CPR are current (your certificates must be sent to AROH each year with your annual registration). This session is presented by Dennis Taylor from Tailormade First Aid Solutions which provides the practical component followed by a short home study course to be completed in a reasonable time and posted to Dennis. The first part of the session is a CPR update for all attendees, the second part of the session is Senior First Aid for those needing to renew their certificate.

Free onsite parking.

Morning and afternoon tea provided. BYO lunch or a plate of food to share.

BYO pen & paper & clinical examination equipment.

\$195 per person (Full Day - Workshops, CPR Update, Senior First Aid)

\$130 per person (Workshops & CPR Update only)
